RE: Our Body: The Universe Within Touring Company

Dear Ms. Wallace:

I am Kate Bennett, President, of the Rochester Museum & Science Center, in Rochester, New York.

In 2007, RMSC had the opportunity to enter into an agreement with Marcus Corwin, Esq. and American Exhibitions, Inc. to present and exhibit the blockbuster exhibit: *Our Body: The Universe Within*.

Our Body: The Universe Within was exhibited at RMSC from September 1, 2007 through January 1, 2008. This breathtaking and educational exhibit was well received by all patron goers, and was amongst one of the highest attended exhibitions in the history of the Rochester Museum & Science Center.

Mr. Corwin and his organization, American Exhibitions, Inc., were professional and provided marketing, promotional and production support beyond our expectations and industry standards.

We look forward to working with American Exhibitions, Inc. in the future and would recommend them to any science center or museum interested in presenting an exhibit.

Sincerely yours,

A handwritten signature in blue ink that reads "Kate Bennett". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Kate Bennett
President
Rochester Museum & Science Center

Re: American Exhibitions, Inc.

To Whom It May Concern:

I am President of the Museum of Science & Industry in Tampa, Florida. I have also served as President of Association of Science Technology (ASTC) for 2 years in 2006 and 2007. I have known Marcus Corwin and American Exhibitions, Inc. since 2006. I find Mr. Corwin, his organization and staff to be extremely professional, honest and reputable. American Exhibitions has an excellent reputation in the science museum industry.

Additionally, I am very familiar with American Exhibitions production of Our Body: The Universe Within. I had the privilege of seeing the show when it toured at the Orlando Science Center in Orlando, Florida. The exhibit specimens were displayed with respect and dignity. The audio tour, special effect lighting and music enhanced the show. This was a very well produced, informative and educational exhibition.

If you have any questions or need further information, please feel free to contact me.

Sincerely yours,

A handwritten signature in blue ink, which appears to read "Wit Ostrenko". The signature is fluid and cursive.

Boca Raton, FL 33432

Dear Ms. Wallace:

I am the President and Chief Executive Officer of the Detroit Science Center in Detroit, Michigan. We are the largest science museum in Michigan and one of the ten largest science museums in the United States.

In 2007, the Detroit Science Center was given the opportunity to enter into an agreement with Marcus Corwin, Esq. and American Exhibitions, Inc. to present and exhibit the blockbuster exhibit: *Our Body: The Universe Within*.

Our Body: The Universe Within was exhibited in Detroit from January 15, 2007 through January 6, 2008. This breathtaking and educational exhibit was extremely well received by all of our visitors and was the largest attended exhibit in the history of the Detroit Science Center.

Mr. Corwin and his organization, American Exhibitions, Inc., were always very professional and provided excellent marketing, promotional and production support. We worked closely with Mr. Corwin throughout the process of planning, installing and exhibiting *Our Body: The Universe Within* and always found him to be a fair, ethical and delightful partner. His staff members were very knowledgeable and professional.

We look forward to working with American Exhibitions, Inc. in the future and would heartily recommend them to any science museum interested in presenting an exhibit.

Very truly yours,

A handwritten signature in blue ink, appearing to read "Kevin F. Prihod".

Kevin F. Prihod
President & CEO
Detroit Science Center
